INFORMED CONSENT TO CHIROPRACTIC TREATMENT

I hereby request and consent to the performance of chiropractic adjustments and any other chiropractic procedures, including a comprehensive exam, diagnostic x-rays, physical therapy techniques, on me (or on the patient named below for which I am legally responsible) by the licensed doctors of chiropractic at this office.

I understand that, as with any health procedure, there are certain conditions that may arise during a chiropractic adjustment. Those complications include but are not limited to: fractures, dislocations, muscle strain, costovertebral strains and separations. Some types of manipulations of the neck have been associated with injuries to the arteries in the neck leading to or contributing to serious complications including stroke. This is a very rare occurrence (a one in three million chance). We screen our patients for indications that they are candidates for chiropractic adjustments to the best of our ability. I do not expect the doctor to be able to anticipate all risk and complications during the course of the procedure(s) that the doctor feels at the time, based upon the facts then known, are in the best interest.

I have had an opportunity to discuss with the doctor the nature, purpose, and risk of chiropractic adjustments and other recommended procedures and have had my questions answered to my satisfaction. I understand that the results are not guaranteed.

I have read or have had read to me the above explanation of the chiropractic adjustment and related treatment. By signing below, I state that I have weighed the risks involved in undergoing treatment and have myself decided that it is in my best interest to undergo the chiropractic treatment recommended. Having being informed of the risks, I hereby give my consent to that treatment. I intend this consent form to cover the entire course of treatment for my present condition and for any future condition (s) for which I seek treatment.

PATIENT CONSENT FOR USE AND DISCLOSURE OF PROTECTED HEALTH INFORMATION

With my consent, this office may use and disclose protected health information (PHI) about me to carry out treatment, payment, and healthcare operations (TPO). Please refer to our Notice of Privacy Practices for a more complete description of such uses and disclosures.

I have the right to review the Notice of Privacy Practices prior to signing this consent. This office reserves the right to revise its' Notice of Privacy Practices at any time. A revised Notice of Privacy Practices may be obtained by forwarding a written request to your doctor at 1340 Tuskawilla Rd. Suite 112, Winter Springs, FL 32708.

With my consent, The doctors at this office may call my home or other designated location and leave a message on voice mail or in person in reference to any items that assist the practice in carrying out TPO, such as appointment reminders, insurance items and any call pertaining to my clinical care.

With my consent, the doctors at this office may email me, mail to my home or other designated location any items that assist the practice in carrying out TPO, such as appointment reminders, and patient statements as long as they are marked Personal and Confidential.

I have the right to request that my doctor restricts how he uses or discloses my PHI to carry out TPO. However, the practice is not required to agree to my requested restrictions, but if it does, is bound by this agreement. By signing this form, I am consenting to my chiropractor to have the right to use and disclosure of my PHI to carry out TPO.

I may revoke my consent in writing except to the extent that the practice has already made disclosures in reliance upon my prior consent. If I do no sign this consent, the doctors at this office may decline to provide treatment to me.
